

MERCER TEMPLATE DISCLAIMER

Although every effort is made to provide accurate dimensional data, any templates are provided as guides only. This includes but is not limited to; templates, line drawings, CAD files or templates on packaging. We strongly recommend that you make a timber cut-out using our template, then cross-check this against the actual Mercer bowl being used to ensure your mark-out /cut-out is to you and your customers satisfaction. Mercer accepts **NO** responsibility for cut-out errors.
